January 5, 2022

From the Desk of Chief Craig Harper:

In an effort to serve our Citizen's needs and to provide exceptional customer service, as of today, January 5, 2022, it will no longer be necessary to travel or mail car tag information to the Miami Tribe as has been the case in the past.

Following many citizen requests, Peoria Tribe is moving forward with processing our Tag Program in-house. Following the centralizing of all our Citizen's services and benefits, we have the staff and offices to meet these goals, right here at our tribal headquarters. Here is a small timeline of this process:

- January 5, 2022 – Miami Tribe to transfer our Citizen information to Peoria Headquarters.
- January 10, 2022 – Software company representatives will be on-site installing new software and loading our Citizen's information at Peoria Headquarters.
- January 24, 2022 – Proposed first day of tag processing.

These steps are taken to serve our Citizens at the highest level. Although we do not foresee any deviations from this timeline, we ask for your patience should any arise.

Program details will be posted as well, between now and January 24th.

As always, we remain #PEORIA PROUD!

Chief Craig Harper
